Attention: M.J. Haden

I am writing this letter in regards to Ian Jefferson. I've been a neighbor and friend with the Jefferson family since the early seventies. Young Mr. Ian Jefferson was an ideal child and student who always showed great concern for his peers and friends. He would always offer a help and hand when needed. He always showed great respect for everyone. His mother has always shared with me, how he is doing and when she she has heard from him last.

Ian has always showed great respect for me and all his friends and neighbors, since I've known him.

He has never caused any trouble in
the neighborhood or community.

I have always loved this young man
from a child to the present.

I hope you will accept the letter
as a character reference letter of
Ian Jefferson, from Otie Bellamy
of Fayetteville, N.C., I have worked
in the Fort Bragg School System for
the past thirty-three years.

It has been a real pleasure to
be a neighbor of Ian and his
family for the past (30) thirty
years.

Please use the letter, as a
character Reference from Otie
Bellamy, to assist Ian Jefferson
in what ever way needed.
